

# OFFSET DISC ECONOMY TRAILED 26" OR 28" - SKSE

## DISC SPACING 11" - 280MM

### CHARACTERISTICS

1. Ideal for seedbed preparation, undercutting of plant material and weed control.
2. Wide frame construction with depth control ensures excellent stability in all conditions.
3. Fitted with Erdvark heavy duty bearing with high tensile 45mm disc axles and 26" (660mm) or 28" (710mm) plough discs, notched disc in front and plain discs at the rear with mud scrapers.
4. Bearing Unit requires no service or lubrication, it is lubricated with a special lubricant at the factory and sealed.
5. 100% Guarantee that no dust and sand can enter bearing-unit under normal working conditions due to Floating Duo-cone Seals.
6. Mass per disc about 100kg.

Erdvark maintenance free bearing unit.
